

Dear competitors,

Due to cold weather conditions, we like to offer you a maximum opportunity to train in the main arena.

We offer **training in the main arena** for every competitor on Wednesday and Thursday. Those who are not competing on Friday, also have the opportunity to ride in the main arena on Friday!

May we ask you to look closely to the time schedule and look for your headnumber! The stewarding team will be very strict in applying these timeslots! That is the only way to give every rider the same opportunity and preserve the time schedule for the competition. The warmup arena is also open for riding prior to your training in the main arena

We allow, **IN THE WARMUP ARENA**, a maximum of 4 riders "free training" in addition to the competitors in preparation to their test! Please register and reserve your timeslot at the show office! You are then welcome at your designated time!
